PROFILE

Hi, I'm Fayaz, a dedicated WordPress Developer passionate about building responsive, fast, and user-friendly websites. Skilled in WordPress theme customization, plugin integration, and page builders like Elementor and WPBakery, I create websites that are both visually appealing and performance-optimized. I focus on clean design, smooth functionality, and SEO-friendly practices to ensure a great user experience. Constantly learning and adapting, I keep up with the latest WordPress trends to deliver modern and effective web solutions.

WORK EXPERIENCE

- Wordpress Developer** Apr 2025 - Current
@ Self-initiated Projects
Built practice websites including business pages, landing pages, and simple eCommerce sites using Elementor and popular plugins. Gained hands-on experience with responsive design, basic SEO, and site deployment.
